THE DOLLAR WEEKLY BULLETIN

John H. Oberly has reduced the subscription of the WEEKLY CAIRO BULLETIN to One Dollar per annum, making it the cheapest paper published in Southern Illinois.

Heading matter on every page.

MAINE Republicans are said to be uneasy about the fall campaign, on account of shortness of funds.

A SPECIAL dispatch to the St. Louis 'Globe' says that cholera of a violent type has broken out at Stamford, Lincoln county, Kentucky.

THE repairs on the executive mansion will not be finished before the first of October, and the president will be compelled to remain at Long Branch through the present month.

Mr. J. B. McCULLAGH, better known as 'Mack,' has resigned the editorship of the St. Louis 'Democrat.' Mack is a good writer, whether telling the truth or the contrary, and it is a well-known fact that he has a partiality for the contrary. The 'Democrat' flourished under his hands.

A LOUISVILLIAN shot at his brother-in-law on last Saturday, three shots, with a pistol. The brother-in-law fell at the third fire and the shooter went out and gave himself up. But the supposed-to-be murdered man ran up well and unhurt and as the parties are all of the upper ten of Louisville society, that city has just escaped a first-class sensation.

THE St. Louis 'Democrats' Washington special says "that the senate will immediately after its meeting in December, relieve Senator Carpenter from its presidency pro tem, and probably elect in his place Senator Ferry of Michigan, who was his strongest competitor last spring. The reasons for Carpenter's retirement are of the most obvious and generally understood character." And this after all the elaborate attempts to prove that Carpenter was an innocent and much slandered man!

FROM NEW YORK

TAMMANY.

NEW YORK, September 2.—Tammam hall committee on organization held a secret meeting this evening, in which a warm debate took place on the matter of securing rights of organization. In the appointment of inspectors of elections and poll clerks, a committee was appointed to wait on the police commissioners. The state central committee issue a call to-morrow for a convention.

THE FORGERIES.

Mr. Denny, chairman of the New York exchange, said, to-day, that he was confident no other bonds than those of the New York and Erie, and New York Central, have been counterfeited. The treasurer of the New Jersey Central railroad says he has neither seen or heard of any forged bonds of his company. The secretary of the Western Union Telegraph company makes a similar statement in regard to the bonds of that company.

EXAMINATION OF THE FORGER.

A short examination took place to-day in the case of Leonard Brown, supposed to be the main mover in the attempt to pass the counterfeit bonds, and he was remanded for further examination to-morrow. Brown swore he was ignorant of the fraudulent character of the bonds when he gave them to brokers to negotiate. Hollbrook stated that Thursday last Brown tendered a bond, stating he had \$30,000 worth of the same for sale. This bond was shown to Hosford 32 Pine street, and arrangements made for negotiating, but on Hollbrook's returning to his office and scrutinizing, he discovered the forgery, and immediately telephoned all over Wall street, notifying brokers of the forgery. Brown informed him some days previous that he had a brown stone building for sale for \$30,000 cash, but since then Hollbrook discovered the house did not belong to Brown.

THE MANITOBA QUESTION will be brought before the British tribunal in a few days. The court is holding a special session, therefore, and no other cause will be tried. Minister Thornton says the British government is firm in its conviction that the action of its officials was strictly in accordance with law, and expresses his conviction that the decision of the court will be adverse to parties now in custody. The court will be held at Winnipeg. Meanwhile the proposition to release the American prisoner on bail is rejected.

CORDIALLY RECEIVED.

Hon. R. R. Litton, district judge of Minnesota, visited the federal building and was met with a cordial reception from the United States district attorney, and several commissioners.

SUSPENDED.

Messrs. Haskins and Brain temporarily suspended business. It is now understood the advances of this firm amount to \$40,000.

FROM BOSTON.

DIED.

BOSTON, September 2.—Chester Isham Reed, recently attorney general and judge of the superior court of this state, died at White Sulphur Springs, Virginia, this morning.

FROM PITTSBURG.

A \$75,000 FIRE.

At Elkville, I was unable by the closest scrutiny to discover any traces of elk. They are a frisky animal and possibly may have kicked out of the traces entirely. Neither did I perceive very numerous indications of a ville. Such as were visible looked encouraging, and bore an air of nestness and stability. The Elkvilleans are as quiet, happy and contented as any people can be who live so far from Cairo. DuQuoin is a mining town. The whole place has been completely undermined, and its foundations carried away to feed the fires of the mills and steamboats of this city. Consequently business in DuQuoin is done on a very superficial basis. It is the most eligible site on the continent in which to conduct the operations of the Wall street bears. It matters not how far they run a stock down, they can extend their operations ad infinitum. That is Latin for "no touching bottom"; there is no bottom to touch—Jones. I encountered a deal of opposition in collecting these facts. Property-holders eyed me askance whenever I inquired if their cellars were dry, one of them going so far as to give me his opinion that there was something exceedingly drowsy in my personal appearance. These statements can be relied upon with impunity. I don't know how "the saints in their regions of bliss" enjoy having all sorts of places named for them; but about a mile north of DuQuoin we come to several openings in the regions below; and a like handful select St. John. St. Pluto would seem a much more suggestive and appropriate title for a town standing at the very entrance to his domain. An immense deal of boring has been done here, and so persistently that they have actually bored clear through to the other side and struck water in the harbor of Foo-foo, China. Negotiations are now pending with the Chinese government for a reciprocity treaty whereby the St. Johnites may be permitted to pump up the Chinese waters and send back coal in return through a pneumatic tube. The only objectors to the scheme are the merchants of Foo-foo, who fear the commercial importance of their port would deteriorate should the Melicans be permitted to pump the harbor dry. Yours,

CINCINNATI EXPOSITION.

CINCINNATI, September 2.—The exposition will be formally opened to-morrow at 7:30 p.m., by speeches from President Blymire of the exposition commission, Mayor Johnson of Cincinnati, and ex-Secretary Jacob D. Cox, who will make the chief addresses. These exercises will be brief. Never in the history of the exposition has Power hall been in so forward a state at a corresponding period as at this time. Power hall contains but little machinery that will not be in motion, a fact which makes this exposition an exceptional one. Flower hall contains a great variety of plants, gotten up for the exposition. The cheaper varieties have been almost supplanted by rarer and finer flowers. The oil paintings in art hall are in place, and men are putting engraving hall in order. Exhibitors are showing unusual anxiety to display goods in the best manner. Showcases, of which there are great numbers, are magnificent. There is a very large attendance here, and the hotels have been filling up for days, and every means is preparing for a very large attendance.

FROM WASHINGTON.

TAXES SUSPENDED.

WASHINGTON, September 2.—A telegram from the legation of the United States at Paris, dated 30th ult., announces that the tax on flax has been abolished, and the tax of entrepot has been indefinitely suspended for all vessels furnishing grain or flour.

INDIAN AFFAIRS.

The commissioner of Indian affairs received, to-day, a letter from T. N. Haworth, Indian agent for Ft. Sill, written August 21, the day after the rumored massacre, in which he reports the Indians as quiet and anxious for peaceful relations with the whites. He thinks the Indians of that agency are in a good state of feeling for a beneficial council or treaty to be made with them, by which the border of Texas may be made safe from harm, so far as they are concerned, as any other part of the state.

FOREIGN.

VICTOR EMANUEL.

ROME, September 2.—King Victor Emanuel will leave here about the middle of the month. He will be at Vienna about the 20th, and afterwards will go to Berlin.

SKODA ANNIVERSARY.

BERLIN, September 2.—Yesterday was the anniversary of the German victory at Sodan. A monument to commemorate the event was unveiled at that place amid great enthusiasm of the citizens. The day was given over to festivity.

FROM TEXAS.

CATTLE STEALING RESUMED.

BROWNSVILLE, TEXAS, September 2.—Cattle stealing on the Texas border has been resumed with unusual vigor. About 2000 head were driven into Mexico a few days ago and boldly driven on the highway to Monterey, by thieves, without the slightest interference of Mexican officers. These acts of daily occurrence and the robbery of cattle is at least 1,000 head per month.

FROM TITUSVILLE.

AN OLD MAN IN TROUBLE.

TITUSVILLE, September 2.—A man aged 60 years, named Henry Sweet, was arrested for passing a new counterfeit \$50 greenback. He was released on \$5,000 bail, the amount of which he deposited for his bondsmen.

FROM TORONTO.

STOLEN LETTERS RECOVERED.

TORONTO, September 2.—The new England Agricultural fair opened to-day with an appropriate address by Dr. Loren. It gives promise of unusual interest.
